VII. Name of the scheme: Adolescence Education Programme

The School Adolescence Education Programme is positioned by the Dept. Of Education (MHRD) and the National AIDS Control Organization (NACO) as a key intervention in preventing new HIV Infections and reducing social vulnerability to new infections.

The purpose is to provide 100% quality coverage for all Secondary and Senior Secondary Schools in the State so that the students have adequate and accurate knowledge about HIV in context of life skills.

The target group under the scheme is peer Educators and Nodal teachers. Under this scheme 450 teachers will undergo training on adequate and accurate knowledge about HIV etc. conducted by SCERT under the School Adolescence Education Programme.

VII. Name of the scheme: Strengthening of Pre-Primary Education

Pre-primary school is the first and important stage of education. The Pre-Primary teachers get meagre remuneration as these schools do not enjoy the patronage of the Government. Hence there is a need to strengthen pre-primary education, in order to attract good teachers in this sector.

The Hon'ble Chief Minister in his Budget Speech 2012-13 has initiated a proposal to provide need based grants to registered pre-primary schools, so as to make private management to enhance the remuneration of these contractual teachers.
